

# **Anne Marie**

**by Rick Rykart**

Tell you about my girl, she's miles above the rest  
Anne Marie has got it now, her lovin' is the best  
The girl has got it now, there's no one hotter now  
The girl really taught me just what love means  
Anne Marie's a fire in blue jeans !

When I'm wrappin' my arms around that girl  
My heart begins to swoon  
When Anne Marie kisses me  
I shoot up to the moon !  
Na, na, na, na, hey, hey, hey, now  
Just one look really drives me wild !  
She's got more than the law allows  
Don't you know we're on a roll ?  
Now I finally know just what love means  
Anne Marie's a fire in blue jeans !

Well I've been stayin' up late every night  
Goin out of my mind  
With Anne Marie kissin' me  
My heart beats triple time !  
Na, na, na, na, hey, hey, hey, now  
Just one touch really drives me wild !  
She's got more than the law allows  
Don't you know we're on a roll ?  
The girl really taught me just what love means  
Anne Marie's a fire in blue jeans !

Anne Marie has got it now  
Anne Marie has got it now  
Wo-oh, Anne Marie, she's got it now !
