

Spin Your Lovin' Wheel

by Rick Rykart

Well, come on baby be my lady, had my eye on you
Come on over here and be my lover, your eye's been on me too...
I'd like to do some fine romancin', move you baby, keep you prancin'
I've always been a friend of chancin' (take a chance !)
I know my luck's with you !

Come on, spin that wheel, spin that wheel, spin your lovin' wheel
Spin that wheel, spin that wheel, spin that lovin' wheel !

Well, come on baby, be my lady, feel it comin soon
Let's get together, be my lover, I'll be your sun, you'll be my moon...
Well, I'd like to do some fine romancin', rock you baby, keep you prancin'
I've always been a friend of chancin' (take a chance !)
I know my luck's with you !

Come on, spin that wheel, spin that wheel, spin that lovin' wheel
Spin that wheel, spin that wheel, spin that lovin' wheel !

Can you imagine the way that it would be ?
Two fine horses, fancy free – keepin' company !

Spin that wheel, spin that wheel, spin your lovin' wheel
Spin that wheel, spin that wheel, spin your lovin' wheel !

Well, come on baby be my lady, I got my eye on you
I said come on over here and be my lover, your eye's been on me too...
Hey, I'd like to do some fine romancin', rock you baby, keep you prancin'
I've always been a friend of chancin' (take a chance !)
I know my luck's with you !

Repeat Chorus 1

Well, can you imagine the way that it would be ?
Oh, two fine horses, fancy free – keepin' company !

Repeat Chorus 3

Well, I said lovin', sweet lovin' for the big, big world to see
Spin that wheel, spin that wheel, spin your lovin' wheel for me
Now lovin', sweet lovin', for the big, big world to see
Come on, spin that wheel, spin that wheel, spin your lovin' wheel for me
Spin your lovin' wheel for me, spin your lovin' wheel for me !
